## WRITING

In fact, I don't really like to watch films, but two years ago I saw a film which was good, so I re-watched it about four or five times, and I want to tell you about it.

The name of film is Mr. Nobody. It's a great picture, with name a lot of awards.

One of the most important topics of film is topic of fate. It shows us different ways of man's life.

The main character is Mr. Nobody. This role plays J. Leto. Actually, I would like to meet this actor in real life because he's an amazing person. He always chooses difficult roles. For example, he played a woman in one film. Also, he (plays) singing in a rock-band, called 30 STM.

So, I think you should watch this film, it can broaden your mind. There are a lot of things to think in this film. And it's just a perfect story.
