P "The Guardians of the Galaxy"

I like this film 'cause it shows us another worlds and wonderful creatures that you'll never see in usual life: speaking animals and living trees, for example. Also there is good music in the film - it's old songs from 80-90's.

I'd like to meet Chris Pine (a.k.a. main character) I respect him 'cause he needed to lose some weight and become stronger so he did it well.

I recommend my classmates to watch this film because it's pretty interesting and thrilling for people who have the same age as mine. Also, the music lets us know the deep of that universe and we catch these emotions and feelings. Let's watch it together!
