WRITING

P
"Harry Potter"

In this article I would like to share my opinion on the films about Harry Potter.

For me they are special because they're a part of my childhood. I remember watching them with my whole family, discussing the plot, the characters and magic. So, they hold a lot to me. Besides, there are some great actors in these films. For example, Emma Watson who played Hermione is an amazing person: she is a founder of many charity organisations. I would like to meet her, as she seems really kind and nice. I'd also recommend everyone to watch these films because they do not only tell an interesting story about adventures of a boy in magic school, but have a moral message about friendship, family and love. Finally, sometimes it's great to have some magic in our life, isn't it?
